Tell me I'm gone to wanna stand alongside my love
woh Im talking bout my my my love
if only they knew what i wouldn't do for my love
im talking bout my my my my love
oh yeah

no kinda of friend would ever turn my gaze from love
woh I'm talking bout my my love
my darkest night
could never dim the light
from my love
talking bout my my my my love
yeah
oh
(instrumental)
youooo

long have i prayed
that i could end my days with my love
talking bout my my my my love
time gonna come
and I told everyone but my love
I'm talkin bout my love
I'm talking bout my my my love

Yeah.....

Talking bout my love

.....
