It came to light,
once she was gone ,
how just one night,
could be so long, and I ask the moon,
if you catch her eye,
tell her for me, ,
as you pass by.

Deep down inside
I've always known,
The price I pay
is worth a dream alone,
and i ask the moon
if you catch her eye
tell her for me as you pass by.

And I ask the moon
if you catch her eye
tell her for me as you pass by
hmmm hmm.....
and I ask the moon
is you catch her eye
tell her for me as you pass by
tell her for me as you pass by.
