The temptation had me lead astray,
I count it everyday,
till you fool comes home,
till your fool come home
Baby can you stand to be alone
till your fool comes home.

Now the separation makes time stand still, but time to
kill,
till your fool comes home
till your fool come home,
now baby can you stand to be alone
till your fool come home.

I said now hmmm hmmm mmmm
hmmm.....
behave yourself when I'm gone

Now have patience and just be strong
cos it won't be long
till your fool comes home
till your fool come home
now baby can you stand to be alone
till your fool comes home

(instrumental)

I said a hmmm.....
hmmm
yeah behave yourself when I'm gone

Now have patience and just be strong
cos won't be long
till your fool come home
till your fool come home
Now baby can you stand to be alone
till your fool come home
yeah yeah.....
