All my love  
belongs to you,  
if I had money, baby  
you could have it too,  
you know all my time, is yours to claim  
but i won't be lead around, by the watch and chain

so come on come on come on baby  
My love is strongest in the land  
I don't wanna hear no maybe  
you got my future in your hands

pride may come before a fall,  
but darlin I could only plan so how no pride at all  
so I keep my pride  
if its all the same  
and I won't be lead around by the watch and chain  
so come on come on come on baby  
my love is strongest in the land  
I don't wanna hear no maybe  
you got my future in your hands

if the world was mine to give away  
you'd have had it signed sealed and delivered  
yesterday  
along with anything now baby  
you care to name  
but i wont be lead around by the watch and chain  
yeah so come on come on come on baby  
my love is strongest in the land  
I don't wanna hear no maybe  
You got my future in your hands  
I don't wanna hear no maybe  
you got my future in your hands.
