Well I love you babe  
And I always will  
But your big mouth  
Bout to get me killed

If you don't believe me baby  
Yeah if you don't believe me baby  
If you don't believe me baby  
Have to show you what's going on

I'll give your family  
One last chance  
But I'll stand for one more  
Sideways glance

If you don't believe me baby  
Yeah if you don't believe me baby  
If you don't believe me baby  
Have to show you what's going on WHOA!!

I'll take you away to my  
Wonderland  
If you just take my  
Greasy old hand

Believe me baby!  
Believe me baby!  
If you don't believe me baby  
Have to show you what's going on
