Yeah, about to get my thug on  
The 41st side of things

I used to be in love with this bitch named E and J  
Don't fuck with her anymore now I fuck with Tanqueray  
Tanqueray introduced me to her first cousin Gold  
Last name was Ide's and the first name Old

But Gold couldn't take the dick and made me lazy  
We split apart and now I met this new trick Dany  
Now me and Dany, we been together ever since  
Our love combines to form a science, what is this

I bust a cherry, took her virginity in ninety-one  
Now that she's open everybody want to tap somethin'  
Go get your own don't make me have to fuckin' clap  
somethin'  
I love my shorty more than life now ain't that somethin'

So love you Dany more than livin' itself  
Even though my friends tell me she ain't good for my  
health  
When I go pick her up they tell me put her back on the  
shelf  
They say say yo P she only wants you for one thing  
that's your wealth

But I don't pay attention, she's my baby, the Dany  
You know she drive me crazy she's my number one  
lady  
Met her back in eighty-nine now she's twenty-two  
Actin' like she forty, she said all I need is a man to  
support me

Besides, you from the 41st side of things  
and Queensbridge niggaz be actin' like they kings  
Pushin' Lexus' wearin' fat diamond rings  
My cellular phone reigns supreme, international think  
rational  
The 12th street crew move back when we come through

I think the whole world's goin' insane  
I fill my brain up with Dany and drink away the pain  
I think the whole world's goin' insane  
I fill my mind up with liquor and drink away the pain

I think the whole world's losin' it's brain  
I fill my brain up with liquor and drink away the pain  
I think the whole world's goin' insane  
I fill my brain up with Dany and drink away the pain

Tommy Hil was my nigga and other's couldn't figure  
How me and Hilfiger used to move through with vigor  
Had to sit and plan on how to make these seven figures  
Said the Brinks is comin' through, at Fashion Avenue

At Tuesday at two, now we gotta form a crew  
Now we gotta forum a crew, of motherfuckers  
Who ain't goin' out like suckers  
Told me call Karl Kani and all my other brothers  
I told my sister Walker, who was the smoothest talker  
Negotiate the deal with them other money stalkers

Diesel drove the the beemer, the hatchback of course  
Nautica'll navigate to keep us on course  
Polo's acting bolo trying to say he the Boss  
I said shut the fuck up, the kid is out where the loot's at  
Got a big trey pound, picture just to swoop back

Timb is on the roof with the twelve gauge rifle  
Scope is on the top so you know he livin' Eiffel  
Took the aim of Oswald, caught him North in the face  
All them other kids they had they tools aimed at space  
Levi had the snub so you know they gettin' laced

Donna Karan was cryin', 'cause mad shells was flyin'  
Damn all we want is a piece of the pie and  
Nike scooped the sess 'cause he moves like air  
Threw them shits up in the trunk now we up out here

Got back to the mansion, to divvy up the paper  
Helle Hansen was the brain of the whole entire caper  
So she felt it was right, for her to get the whole slice  
Everybody in the crew didn't think it was nice  
I guess not and guess what's hot, so guess what  
Guess took the jigga and jiggled her in the gut

When you play with crime sometime's it's not too fly  
Even though the goods look deceivin' to the eye  
The end situation could leave your ass dry  
That's why you got to walk on by, walk on by  
Walk on by, walk on by, walk on by

My man P put me on to the shorty Henn Rock  
Now Henn Rock is strong enough to make your  
heartbeat stop  
One sip I thought the bitch was a fuckin' warlock  
The more she started givin' me the stronger I got

Pushed her off to the crew then she started gettin'  
jealous  
Steamed 'cause I spent more cream with the fellaz  
Fuck them niggaz spend that cheese on me  
See if they be around when you need pussy

Then I thought to myself yo this drink is right  
Gathered up all my dough, so I spent the night  
I can't help it, she got my brain in a headlock  
Niggaz started riffin' why you trickin' yo diz shit must  
stop

Moms like you need to see the AA  
Better hope they help your ass out on the same day  
But enough of that, I got the shake so I need dat  
Son caught me stressed out I just be that  
But when it comes to Hemp Rock dunn I need that  
She's my shorty for life so fuck the weed bag

I think the whole world's goin' insane  
I fill my brain with the Henny and drink away the pain  
I think the whole world's lost it's brain  
I sip away on the liquor and drink away the pain

For the brothers who ain't here  
Pour a little on the floor son  
Time to get a little bent do our thing  
Word up, the 41st side of Queens  
We gettin' bent, know what I mean?  
It's an everyday thing

Henny got my mind in a headlock  
Dany got me goin' crazy  
Dany take me away  
Dany take me away  
Dany take me away  
Word up, Dany take me away
