Sent you a message, sent you an email
Hasty decisions we may still prevail
Both needed breaks, we both needed to bail
Walking thru the corridors of my mind
The hideaways, the nooks, there filled with good times
Memories certainly yes they still bind
Still a common man and yeah that's for sure
Still a bankroll and yeah still can tour
The madness, the thing we had was much more
Come back home, don't be out in the world
It's a rat race and always for a girl
And most scavengers have found the pretty pearl
It's for the faint of heart who never get enough
Gotta get tough, buckle em up, we call em duds
And we, and we and we ahhh

We gettin up
We gettin up
Today is nice come on we gettin up
Said gettin up
Said we gettin up
Tonite is right come on we gettin up
Said we gettin up
Said we gettin up

Come over here baby, don't look so grumpy
This kind of lifestyle could be so comfy
We can start a clan just like the Kennedy's
You and I advance, certainly we can expand
Feelings that should never end
And you respect me like a friend
But love me like your man
No other could contend
Or we could be like Doves exposed 2 history
Like staying with each other with truth and chivalry
The things we go thru they shape our identity
Yes pretty let's do this all nite
Consummate this thing and make it alright
And when we cuddle up and promise that it's right

We gettin up
We gettin up

Today is nice come on we gettin up
Said gettin up
Said gettin up
Tonite is right come on we gettin up
Said gettin up
Said gettin up

I like to watch everybody gravitate towards you
Your magnetic presences make them come thru
The same way you got them you got me too
Now look at our lives so colorful
A wonderful spectrum, not 1 tone dull
Full of excitement and not 1 lull
See we had an understanding, oh yes we did
I'm bringing it back, I'm puttin in my bid
Have a couple of kids, have a couple of cribs
We like Louie D and Marcie? like martin and corretta
Doin it to death, no one can do it better
When we leave our physical our spirits still together
Come on now, here's a placement for your hand
You rockin with the #1 MC man
The #1 controller of right with the plan

We gettin up
We gettin up
Today is nice come on we gettin up
Said we gettin up
Said we gettin up
Tonite is right come on we gettin up
Said we gettin up
Said we gettin up
