Norah Jones:]

Life's filled with gray
But now, it cars come in
Leaves fall, away
Hip-hop is playing again
And it's bangin too
Go on, bang it, for you
Don't stop this feeling I feel
I just wanna lay around all day
And feel the breeze, whatever that means
I'm so into your rich history
Tell me a story to take me away
Come and take me, ooooooh
Come and take me with you

[Chorus x4: Norah Jones]

Life is, better
Now that, now that I found you
Life is, better
Now that, now that I found you
