[Q-Tip]

You such a thang, a sexy little thang  
I'm Hot Boyin' it, admirin' your chain  
You got a fella nose wide on the reala's side  
I wanna dance real close, ride up when you're hot  
Playin' games yo, I never cared about it much  
But you the girl who keep her eyes closed and smokin'  
dutch  
For real, you sucha little pretty bell  
You make a nigga front pants hit the mean swell  
Whatchu say? I said you stimulate my brain cells  
But it's one thing I really wanna say  
What?

1 - [Q-Tip]

You're such a vivrant, vivrant  
Vivrant, a vivrant, vivrant  
Yo, you such a vivrant, vivrant  
Vivrant, a vivrant vivrant

[Missy Elliot]

You got some new shit, tryin' to gas me so we can do it  
Boy, you ain't slick because I keep all dogs trained  
I'll make you scream my name  
Oh, you's a hot boy, before you talk junk, whatchu got  
boy?  
If you let me touch, I'll wake it up, boy  
Let you supply me for a month, boy  
Oh well, get up boy, I like it rough boy

But if it's too rough, take a detour  
Slide right down to my seashore  
By the way I don't smoke, so what the weed for?  
You get a low score

Repeat 1  
Repeat 1

[Busta Rhymes]

Yo, it's such a vibrant, vibrant  
Immaculate baby, you're lookin' magnificent, different  
shit  
Whiles we talkin', let's get intimate  
Frontin' like you ain't even fuckin', actin' all innocent  
Wait, you know you fuckin' with the fresh, baby  
When I bunch, you're the type to say "rub it in my flesh,  
baby"  
Crazy the way you chatter lay me like a baby  
On the mattress, caress and lick me like a nestle's,  
baby  
Woo, you put a tingle up a nigga's spine  
Got me twitchin' all funny while we fuckin' and spillin'  
wine, yo  
I love the way my shorty treat me  
How she be throwin' it back, the way my shorty freaky  
Yeah, my shorty wildin', it's a full moon  
While I'm blowin' her back with surveillance all up in the  
room  
Damn, so now we fuckin' like we ignorant  
Ladies who we can get with the vibrant, vibrant, yo,

It's such a vibrant, vibrant, a vibrant viv'  
A vibrant, vibrant, yo, yo  
That's just a vibrant, vibrant, vibrant, viv'  
Yo yo a a yo yo yo yo  
It's such a vibrant, vibrant, vibrant, viv'  
Vibrant, vibrant, yo yo
