Refrain:

Work it out (hey hey)
We gets it in

Phrase1:

Borin'
Well, my life used to be
til' I tapped the MPC
to conduct the such.

Breakin'
that's what ya gonna do
that means ya' break through
cause ya'll clearly touched

Band mates
Christ curt is on the scene
the hodge faces him
the drums is colin burg?

Breakout
Ever then mixies are grow
Breaks are out from every show
Cause this you never heard

HipHop
is dead some say it's wack
we need to bring it back
and la-di-dar-da

Music
it supplements the word
and known to touch the nerve
so here's another bar.
Passion
the passion of the mic
to passion of the nights
what ever that it be.

Hold up
No need to be inside
Just let the feelings ride

Come on and let's be free

Refrain

Now waiting
and if you could would you please?
How many ill MC's are capturing the mass?

One Hits
They do the little do
But just a day or two but then they never last.

Ringtones
The Labels cashin' in
They think they gonna win
from this phenomenon

Thinkin'
I'm thinkin' I'll do me
Let the music carry me
Let the music carry ya'll

Refrain
