Momma, don't you worry about me  
I'm all grown up, don't you see  
You worked so hard  
To teach me right from wrong  
You gave me my heart  
Chorus:  
I miss our times together  
How I wish we had forever  
You gave me this heart  
Momma, you always stood by my side  
You held my hand a million times  
You made me see  
Love can swallow hate  
You gave me today  
Chorus:  
I miss our times together  
How I wish we had forever  
You gave me this heart  
Oh, I can dream 'cause you gave me faith  
I can fly from all your strength  
I can fall and get back up  
Scream, laugh, cry and love  
Thank you Momma 'cause you showed me the key's  
within  
Chorus:  
How I miss our times together  
I wish we had forever  
You, you, you gave me this heart
