You saw me kissing your friend  
So what, we broke up  
I've had enough  
You saw me in a bar drinking hard  
So what, we're apart  
You broke my heart  
I left my panties at your place  
That's great, keep'em safe  
Leave them on your face  
Chorus:  
Why can't I sleep without you by my side?  
Pride's so sly, fondles all that's true and real  
Why can't we rid ourselves of blame and animosity?  
When all I want to do is trust you, why can't I?  
I saw you driving in your car with Elaine  
She's insane  
A ball and chain  
I heard you're looking for a job as a cop  
That's sweet  
Protect our streets  
You left your blue shirt at my place  
That's great, I'll keep it safe  
Give it to my next date  
Chorus:  
Why can't I sleep without you by my side?  
Pride's so sly, fondles all that's true and real  
Why can't we rid ourselves of blame and animosity?  
When all I want to do is hug you, why can't I? Why can't I?  
Once upon a time, purity was instinctive  
Love was blind, is it all factitious?  
You are the gold at the end of my, end of my, end of my rainbow  
Chorus:  
Why can't I sleep without you by my side?  
Pride's so sly, fondles all that's true and real  
Why can't we rid ourselves of blame and animosity?  
When all I want to do is love you, why can't I? Why can't I?  
Why can't I? Why can't I?
