Look at you lookin' like a superstar
Girl I bet you sure know how to break a heart
I ain't got no knock you down pick up lines
But girl I bet that you and me could have a good time

So come on and roll with me if you wanna baby I'm
ready to go
We can paint up the town burn it on down
Or dance down an old dirt road
And I've got the keys to an old feather bed
Baby when you're ready to call it a night
I've got a place to lay your head,
I've got a place to lay your head

I know a spot on second avenue
It's got a bottle of wine that's callin' me and you
Or we can drive to the country side, kinda see what's
goin' on
Long as I've got you baby all night long

So come on and roll with me if you wanna baby I'm
ready to go
We can paint up the town burn it on down
Or dance down an old dirt road
And I've got the keys to an old feather bed
Baby when you're ready to call it a night
I've got a place to lay your head,
I've got a place to lay your head

It looks like a yes behind that little grin
I guess you're gonna have to tell your friends
That you've found a better way to spend your night
Well I know it's crazy but it sure feels right

So come on and roll with me if you wanna baby I'm
ready to go
We can paint up the town burn it on down
Or dance down an old dirt road
And I've got the keys to an old feather bed
Baby when you're ready to call it a night
I've got a place to lay your head,

I've got a place to lay your head
