Well jukebox cadillac and I'm so bored  
I'm taking over this world with an E minor chord  
Well there's a lot of rockabilly bands today  
But they ain't got nothing to say

Well graveyard monsters and I don't care  
Well is it the music or is it your hair  
Well there's a lot of psychobilly bands today  
But they ain't got nothing to say

I tried to be like those before me  
But I just can't get that thing a certain way  
And now all they do is bore me  
They do anything for money  
And that's not funny  
And they ain't got nothing to say

And it's hard so hard to get famous  
And they'll do what they have to do  
And that's ok  
Well dumb it all down and sell it to the kids  
On the shelf at Hot Topic  
You're on your way  
Well count all the money and put it in your pocket  
Big mouth on the message board  
Everyday  
But they ain't got nothing to say
