Come Si Bella,
You are so very beautiful
You are so very wonderful,
You're marvelous, divine.

Come Si Bella,
You are the only one I love.
Each night I pray the lord above
That he will make you mine

How can I explain how much you mean to me.
If there is someone more beautiful, it's someone that
I've yet to see.

And so my darling,
There's nothing more than I can say.
I love you more and more each day.
Come Si Bella.

How can I explain how much you mean to me.
If there is someone more beautiful, it's someone that
I've yet to see.

Come Si Bella, there's nothing more than I can say.
I love you more and more each day.
Come Si Bella, Come Si Bella, Come Si Bella, Come Si
Bella
