The function of the psychoanalyst.

Lead vocal: leo sayer

Suppose i were to tell you that the meaning of dreams  
Is not all that it seems and the ultimate truth is a lie.  
And you are just a puppet who can dance on a string.  
Do you feel anything?  
Would you laugh? would you care? would you cry?

But the meaning of life is a mystery, how can anyone  
disagree?  
And the music is a symphony which we play in a minor  
key.

I am a mirror. i am a mirror. looking at me you see  
yourself  
I am a mirror. i am a mirror. every face is someone  
else.  
Look at me smile and you're the clown.and if i dance  
you turn around.  
Look in my eyes and see your tears until the music  
disappears.

So if you are confused and don't know which way to go.  
You will certainly know. from the moment we're living  
we die.  
And if it's all a crazy game you don't want to play  
Tell me what you can say.  
It's a joke. it's the truth. it's a lie.

But the meaning of life is a mystery that we don't  
understand.  
And the music is a rhapsody if you're happy the way  
that you are.

I am a mirror. i am a mirror. looking at me you see  
yourself  
I am a mirror. i am a mirror. every face is someone  
else.  
Look at me smile and you're the clown. and if i dance

you turn around.

Look in my eyes and see your tears until the music  
disappears.

And the meaning of life is a mystery though we live it  
from day to day.

But the music of life should be harmony so that anyone  
here can play.

I am a mirror. i am a mirror. looking at me you see  
yourself

I am a mirror. i am a mirror. every face is someone  
else.

Look at me smile and you're the clown. and if i dance  
you turn around.

Look in my eyes and see your tears until the music  
disappears.
