{ Jann Arden Richards }

You don't know me  
You don't own me  
You don't show me  
That you love me like no other  
You don't hold me  
You don't know me  
You don't love me anymore so  
Go

You don't need me  
You can't see me  
You don't please me  
You don't want me to be happy  
You don't hear me  
You don't feel me  
You don't love me anymore so  
Go

You don't know me  
You never knew me baby  
You never told me  
That you loved me when we lied in bed  
You'll miss me  
You'll never kiss these  
Lips of ruby sunset  
Red
