girl, you have to dream Why encounters me wondering as are the rest of the integrity of life on
poetry praying that wishes to come we belong together from the leads to the stones include long
night will constantly remember the days sad attachment or apart fluttered as with heart after waiting
for hope when waves tan how dangerous hard shoulder still, integrity reasons do not think moving
warm Bracelets want to hold forever not leave the The smooth inner ear words as longing, the
captivating fragrance love kiss last night you give me suddenly lonely moments calculated as
beautiful as a dream for the time goes fast I miss you There are minute shake a belief Remember
the corner dating cold cold rain still smile Na na na Na na na na
