Kill Frenzy x3

I feel the darkness coming over me

Feel me falling into scary places, such a sight to see
I'm breakin out of my mental cages - nothing else can
hold me

Even the pills the doctors gave me have the slightest
control over me

I've got those thoughts again, the ones they said were
dangerous

Scratching through my flesh, I cry and put up another
plan for us

I'm getting out of here, it's time to get a move on

Time to break the bottle, let me out, it's time to get my
groove on

Yeah yeah we get the groove on

See you can never stop us

We're top-notch, Rated R

Veterans and what not

Don't get the rules fuck up when you're engaged kid

Make them vaporize & dissapear without a trace

Shit, you don't wanna see me let the beast out the cage

You're lonely rages inside and the night's bigger than
Jason's

So take your friends to a cottage on a silent hill

You can go psychotic it's just you & your violent kills

Here they come again, the demons in my mind

I scream & shout my lungs out that the people passing
by

Go on, get out of here, you don't know what you're
dealing with

I will crush your soul & tear you up, you mother fucking
piece of shit!

But they don't listen & it's out of my hands

Cause I have no say to what I do the demon demands

You are the lucky one, the other one I've chosen

Now you leave this earth in torment, your boddy
battered up and broken

Crack their skull open, see the pavement drenching in
BLOOD

And Leave a fucken mess for the forensics team
Can't you sense it I'm contempt to satisfy
Everytime we take a life & end it, I grow inside

I can't help it, I was told to master genocide
Take these precious people to my car, take em for a
ride
Hiding in the darkness, drowning at my own scream
I pray to God that one day that I'll wake up from this
death dream
