STRANDED IN THE JUNGLE

The Cadets

I crashed in the jungle while tryin to keep a date

With my little girl who was back in the states

I was stranded in the jungle afraid and alone

Tryin to figure a way to get a message back home

But how was I to know there was a record jump my  
plane

Had been picked up and spotted my girl in lovers lane

And meanwhile, back in the states

CHORUS: Baby, baby, let's make romance

You know your old time lover hasn't got a chance

He's stranded in the jungle flat as he can be

So come on pretty baby just you and me

Meanwhile back in the jungle

The boys in the jungle had me on the run

When something heavy hit me like an atomic bomb

When I woke up and my head started to clear

I had a strange feeling I was with cooking gear

I smelled something cookin and I looked to see

That's when; I found out they was a cookin me

Great Cuckoo let me outta her

Meanwhile back in the states

CHORUS

I jumped outta the pot and finally got away

Frantic and worried about what my baby would say

So I jumped in the ocean and started to swim

But my chance of survival was gettin mighty slim

So I thumbed down a whale who was headin my way

And I reached the states in bout a half a day

And when I got to lovers lane I was almost dead

When my soul was gone, here's what I said

Baby, baby, your man is no good

Baby, baby, he should've understood

You can trust me as long as can be

So come back pretty baby where you used to be

Cause I love you, cause I love you

Cause I love you, cause I love you

Cause I love you,
