Visit "[Astronaut](#)" on [MotoLyrics.com](https://MotoLyrics.com)

(You Ain't No Astronaut) But We've Been Out There In Orbit. And Walked Further Than The Moon Ain't We (Ain't We). Ten To One Of You Found A Dude. Straightened You As Good As Me. Wouldn't Be No More Angel To Me Anyway (Anyway). (Ain't Gon Pull No Train On You.) (Yea Man That Shit Was Wildin'.) (No Fray Train Anyway.) (Maybe One Or Two After The Surprise Eve.) (He's First Cuz It's His Party.) (First As Four As They'll Know Anyway.) (And It Ain't How It Look Like Rain Tonight Anyway.) (Come On, Come On)

(Yo Ass Ain't Goin' Nowhere) (Look Girlfriend Don't Move Me. She Lyin' I'm Tellin' Ya Who You Gonna Believe Her Or Me. You Ain't No Astronaut But We've Been Out There In Orbit. And Walked Further Than The Moon Ain't We (Ain't We). Who Wants To Be Full Of Regrets With No Father Time Caps. Life Don't Get No Re- Stamps. (Ten To One Of You) Found A Dude (Found A Dude). That Could Straighten You As Good As Me. Wouldn't Be No More Angel To Me Anyway (Anyway, Anyway). Yea We've Been Out There In Orbit And Walked Further Then The Moon Ain't We, Ain't We. Just Between You And Me, You And Me, You And Me, You And Me, You And Me, You. (Just Between You And Me) (Listen For The Whispers ?) (Here's The Other World, Space Is The Place, Space Is The Place.)
