see those shoulder bend all weighted by the thought
one more day to carry on, now carry on trouble she
cannot take dreams she would like to take her away,
away... i'll be waiting for the sun to rise so i can start
again by and by i'll be looking o'er my head to the sky
see the clouds open wide reveal my faith mercy me, o
who do you say i am do i not love you, did i not nail a
hand? trouble i cannot take dream i would like to take
away, away... i'll be waiting for the sun to rise so i can
start again by and by i'll be looking o'er my head to the
sky see the clouds open wide reveal my faith le the
words of my mouth adore you next time out, i'm gonna
let it fly although my dreams may be tattered my will
my hear battered i know you will hear my cry
