Sleepless nights  
Staring into darkness  
Why have I  
Been feeling this way  
Asking why  
Looking for answers  
And just then  
I feel it starting to rain

Black rain, falling down on me  
Black rain, flooding my soul  
Black rain, falling down on me  
Black rain, drowning my heart

Why have I  
Been feeling this way  
Asking why  
Looking for answers  
Then I cry  
But I don't know why  
And just then  
I feel it starting to rain

Black rain, falling down on me  
Black rain, flooding my soul  
Black rain, falling down on me  
Black rain, drowning my heart
