I've never tripped the night away  
Can't say that I regret the life I've lived  
To this day  
You've always taken care of me

Close my eyes

Don't have to kill myself to know I want  
To live  
I may not understand your eccentricity  
But then I've never claimed to know  
What's best for me

Close my eyes

I've seen the way you look after me  
I've lived your life

I'm not trying to relate  
And you can call me narrow-minded  
Ideology don't matter to me  
'Cause I'm happy where I'm at

Close my eyes

I've seen the way you look after me  
I've lived your life
