When I saw him passing by
Right in front of my eye
I couldn't let this love just slip away
So I took him by the hand
And said 'hey there my friend'
Would you like to take a walk around with me

And then he looked my way
I knew it be, ok

[chorus]

'Cause when love comes around
It comes withot a sound
It makes all the stars shine so bright
Gray skies turn into blue
you would like to feel it too
That' the way
That it feels
When love comes around

Stood all day in the sun
We were having fun
Talking 'bout the bands we love to here
Told a secret in his ear
He was suddenly so near
My heart was beating faster then it should

And then he realized
This love he could not fight

[chorus]

'Cause when love comes around
It comes withot a sound
It makes all the stars shine so bright
Gray skies turn into blue
you would like to feel it too

That' the way
That it feels
When love comes around

And then he realized
This love he could no fight

[chorus]
'Cause when love comes around
It comes withot a sound
It makes all the stars shine so bright
Gray skies turn into blue
you would like to feel it too
That' the way
That it feels
When love comes around
That's the way
That it feel's
When love comes around
