There's a girl who's into Marilyn Manson
She's got his t-shirt n thinks he's real handsome
I'm on the scene but she don't notice me at all
She's always carrying a skateboard
She's off the wall

So she's weird
Got no fear
And is a fashion hater
She stands out
In the crowd
And everybody rates her

I like her moves and I like the way she smiles
She blows my mind you know she drives me wild

She's a skater
Not a faker
A rule breaker
I wanna date her
She's no wannabe lady
She's a definite maybe
She's a rock chick
Got a new trick
And she won't quit
'Till she gets it
I wont give in 'cause she's my everything

There's a gig was thinking maybe she'd be there
With purple lipstick and with dreadlocks in her hair
The band will sing and play some songs I've never
heard
But she'll be singing all the verses word for word

Maybe she'll look at me and realise what she's missing
And we'll leave hand in hand and spend the evening
kissing

I like her moves and I like the way she smiles
She blows my mind you know she drives me wild

She's a skater
Not a faker
A rule breaker
I wanna date her
She's no wannabe lady
She's a definite maybe
She's a rock chick
Got a new trick
And she won't quit
'Till she gets it
I won't give in 'cause she's my everything
'Cause she's my everything

It's not that she don't feel the same
Even though she doesn't know my name
It's not my fault I don't fit in
But I know she's my everything

She rocks my world 'cause she's a skater
Not a faker
A rule breaker
I wanna date her
She's no wannabe lady
She's a definite maybe
She's a rock chick
Got a new trick
And she won't quit
'Till she gets it
I won't give in 'cause she's my everything
Give in 'cause she's my everything
Won't give in 'cause she's my everything
Won't give in 'cause she's my everything
She's my everything
