#### Verse 1:

The songs you sing My heart has grown to hate them  
The meetings of the saints are all in vain  
Under steeples marked with crosses I see darkness  
For sin abounds under false pretenses

#### Chorus:

Wake up from your sleeping My redeemed  
Remove the evil deeds from My eyes  
See the orphan see the widow's needs  
Learn to get on your knees and serve each other

#### Verse 2:

If you lift up your hands I will not see them  
Even though your many prayers I will not hear  
For My pleasure is not in the sacrifices  
But in the righteousness of the heart that makes it

#### Chorus:

Wake up from your sleeping My redeemed  
Remove the evil deeds from My eyes  
See the orphan see the widow's needs  
Learn to get on your knees and serve each other

#### Bridge:

Your sins are like scarlet but they will be white as snow  
You wear evil like a garment but I'm giving you a brand new coat  
And if you are willing to live by all My commands  
You will know Jesus and you'll drink from the Father's hands

#### Chorus:

Wake up from your sleeping My redeemed  
Remove the evil deeds from My eyes  
See the orphan see the widow's needs  
Learn to get on your knees and serve each other
