My

My

My

My

She steps to the groove  
Her body in tune  
She stops the whole room  
She got to everybody  
The red of her lips  
So hard to resist  
The curve to her hip  
I gotta tell somebody

I'm helplessly falling into your eyes like whoaaa  
I'm hopelessly in love for the first time like whoaaa  
Gotta make ya my baby  
Wanna make ya my baby  
Gotta make ya my baby  
Wanna make ya my baby  
Gotta make ya my baby  
Wanna make ya my baby  
Gotta make ya my baby  
My baby

She throws me a sigh  
A wink in her smile  
I stopped and I died  
Could she be looking at me  
With nothing to prove  
Shes makin her move  
And as she walked through  
Leaned in to tell me somethin

I'm helplessly falling into your eyes like whoaaa  
I'm hopelessly in love for the first time like whoaaa  
Gotta make ya my baby  
Wanna make ya my baby  
Gotta make ya my baby  
Wanna make ya my baby  
Gotta make ya my baby

Wanna make ya my baby  
Gotta make ya my baby  
Wanna make ya my baby

She took my hand and led me cross the dance floor  
Everybody watching like oh no  
The kind of girl you could only ever pray for  
All the cameras flashing like oh no no no no  
And as we left together  
She whispered something soft and sweet so right  
She said I'd love to love you all through the night

I'm helplessly falling into your eyes like whoaaa  
I'm hopelessly in love for the first time like whoaaa  
Gotta make ya my baby  
Wanna make ya my baby  
Gotta make ya my baby  
Wanna make ya my baby  
Gotta make ya my baby  
Wanna make ya my baby  
Gotta make ya my baby  
Wanna make ya my baby  
My baby

Gotta make ya  
My baby  
Wanna make ya  
My baby  
Gotta make ya  
My baby  
Wanna make ya  
My baby  
Gotta make ya  
My baby  
Wanna make ya  
My baby  
Gotta make ya  
My baby  
My baby
