You were twenty eight going on sixteen  
I was twenty two and blinded by the dream  
Of you and me tangled up in your sheets  
Not everything is as nice as it seems

Now I'm lost in all these memories  
And you were the missing link  
Before you I didn't believe  
That love could ever really change me

I can't stop myself from falling  
But we just keep stalling  
My world is crashing  
Down down with your wishful thinking

I hope someday you believe in something  
In anything  
I hope someday you see  
That you were meant for me

I can feel my heartbeat fluttering  
And I start stuttering  
And baby you've got to believe  
All I wanted was to be somebody

I can't stop myself from falling  
But we just keep stalling  
My world is crashing  
Down down with your wishful thinking  
I can't stop myself from falling  
But this love keeps calling  
My world is crashing  
Down down and I fear we're sinking

And if you ever think  
You can do better than me  
I dare you to try  
You'll never succeed

And if you ever think  
You can do better than me

I dare you to try  
You'll never succeed  
You'll never succeed

I can't stop myself from falling  
But we just keep stalling  
My world is crashing  
Down down with your wishful thinking  
I can't stop myself from falling  
But this love keeps calling  
My world is crashing  
Down down with your wishful thinking  
Down down and I fear we're sinking  
Down down and I know we're sinking now
