[Verse 1:]

I subscribe to the belief
That I can do anything
Though sometimes it seems
It's more of a curse than a blessing

Be careful where you're stepping
Or I swear I'll tear you down
Now, if you'll excuse me
I've got to get the hell out of this town

[Pre-chorus:]

All I know, is I'll never let go

[Chorus:]

Don't be surprised
When my name is in lights
I'll leave you behind
For one more night
I've got big city dreams
And I follow where they lead
Don't try to stop me
'Cause I'm onto something here

[Verse 2:]

Maybe I'm selfish, maybe I'm foolish
Some might call it crazy
You think you know me
But you don't know a damn thing

I'll keep my chin up darling
Keep moving to this beat
I'll keep living, keep loving
Then I'll press repeat

[Pre-chorus:]

All I know, is I'll never let go

[Chorus:]

Don't be surprised
When my name is in lights

I'll leave you behind
For one more night
I've got big city dreams
And I follow where they lead
Don't try to stop me
'Cause I'm onto something here

[Bridge:]
Keep living, keep loving, keep laughing
Keep your chin up
Keep living, keep loving, keep laughing
Keep on dancing

[Chorus:]
Don't be surprised
When my name is in lights
I'll leave you behind
For one more night
I've got big city dreams
And I follow where they lead
Don't try to stop me
'Cause I'm onto something here
