"Happy Place"

I'm going back to a happy place All my life I've lived to
taste Someone else's flavours on my tongue Cherry
take me back to the start of it all Where everyone's up
then everyone falls Almost could destroy me with her
kiss Oh, I wish that I could feel And I feel too real For
this grey moat And me, I'm drifting like the sun Down
on everyone, the TV sky Save me Come and save me
Come on touch me Come on and touch me Come on
hold me Come on and hold me I live my life for
something I can't see Let me take you in my summer
dream
