Verse 1:

Yeah I hate you but I swear I'll be fine
Started so good 'til you fell out of line
Not sure where we went wrong
But there's no need to hold on

It's only a matter of time
Until you're humming along
'Til the regret sinks in
As you're singing all my songs

Chorus:

Used to be your girlfriend
I used to love you so
But now we're over(we're over, we're over)
And this is me letting go

Verse 2:

You're the rain on my parade
The clouds on a sunny day
You're just a thorn in my side
You left me with such a bad taste

Go get your claim to fame
You're never going to change
So damn hot but you can't keep it up
It's such a shame you're such a shame

Chorus:

Used to be your girlfriend
I used to love you so
But now we're over(we're over, we're over)
And this is me letting go
Yeah you used to be my boyfriend
But now you're just a joke
In case you missed the memo
I hope you, I hope you choke

Bridge:

(You're nothing to me)
You did the right thing

In pushing me away
No matter how I tried
You never would've stayed
I gave you everything
Threw it in my face
Threw it away
You're nothing to me
You're nothing to me

Chorus:
Used to be your girlfriend
I used to love you so
But now we're over
And this is me letting go

Yeah you used to be my boyfriend
But now you're just a joke
In case you missed the memo
I hope you, I hope you choke
