When the tide comes, I will wash your pain away  
When the time comes, I will find a way  
I'll save this last dance with you,  
Just dance to the sound of the sweeter symphony

Since we haven't talked in a while, I've been missing  
you  
I can picture your smile  
And if I were kissing you, I can just picture it now  
Moving to the beautiful sound  
I used to be lost, but thanks to you I'm found  
Let the music flow right through you,  
The music will drift your soul away from the one that  
did harm to you  
But I hate seeing you down, I love it when your full of  
delight  
I wish I can hear you with this dance tonight

When the tide comes, I will wash your pain away  
When the time comes, I will find a way  
I'll save this last dance with you,  
Just dance to the sound of the sweeter symphony

I'll never hurt you that bad I promise  
Now do you feel right with a dude like me?  
Now be honest  
I'll take you home before midnight,  
You're my cinderella  
I'll keep you safe in my arms, no matter the weather  
But the day was nice and bright  
And then I saw your smile  
I stared into your eyes,  
You said "I'll be back in a while"  
You went to chill with him,  
Then things got bad  
I hate seeing you sad,  
Would you like this last dance?

When the tide comes, I will wash your pain away  
When the time comes, I will find a way  
I'll save this last dance with you,

Just dance to the sound of the sweeter symphony

When the tide comes, I will wash your pain away  
When the time comes, I will find a way  
I'll save this last dance with you,  
Just dance to the sound of the sweeter symphony
