My arms wrapped tight around your bones  
I will never let you go, I will never let you go  
Beneath the sun bled cherry skies we stare into each  
other's eyes  
We stare into each other's eyes

Sun dove home and the best of man was fleeing into  
the clouds  
Stand alone as a gentleman I'll lead her out  
of her gown  
Birds with iron wings won't try to leave the  
ground and touch the sky  
In chastity, she never gets to fly  
Bringing down this iron steed gonna wrap that wicked  
up in sheets  
And she's dressed in a quiet lovers red
