"Slow"

You come down to me
And I change constantly
There is no burden here
There is no thought but you sing
"You can't hurt me love, I'm bleeding"
And it fills the ground
No world can wait on what can't come around

I bet our time that you won't take from me
It's scary you know, how much of this I need
We watch the wreck go down
Somewhere between what's past and what could be
Will you ever let me get to you?
And promise you won't leave tonight
I just want to leave this behind and feel alive

It's not that I can't
But it's not like demand
To love the broken mess that's sinking in between my
hands
Look at me now
I still carry you
Can't we ever just say what's on our minds?
Can't we get it all out so we can finally find where we're
coming from?
Oh, carga, flood my mind

Strangers slow dance
Sail with me tonight
We're lonesome
We are just alive

Don't you let go until I say so

In our very end
When the world is dead
And we've lost our friends
Will you keep our promise?
If it comes down to this, and we can sink or swim
Would you do it again?
Would you promise me yes?

Don't you let go until I say so
