I like it, ain't gonna lie  
And I'm so fly, girl you gotta try,  
To get with a nigga like me,  
Who mix that mix of soda,  
To get with a nigga like me,  
Who really have reach in the sofa  
Baby come closer I don't wanna feel your body  
And if you give it to me baby I won't tell nobody  
But if I give it to you girl you bet not tell nobody  
You bet not tell your friends they go on in  
She like the way I'm having it in my business  
When I finish with this I'm giving you the business  
Huh, and it's a murder can I get a witness,  
Fast go I had to kill this

Hook:

I like it when you uhhh, yeah, aha  
Especially when you ohhh, wow yeah  
I like it when you hey hey, uhh
