Louise Rhodes :

These days I find  
Im wasting my time  
On all the little things  
That shouldnt concern me  
Weighing my heart  
With such confused emotion  
Letting anxiousness in  
Where peace should prevail

Its just my humanity  
Getting the better of me  
Its just my humanity  
Getting the better, getting the better of me

Ive been working on it  
Just trying and working on it  
Knowing the soul to be lighter  
If I could just shed this weight  
Or just carry this weight  
Without objection  
So weight become lightness  
And light becomes weightless

Oooo its just my humanity  
Getting the better of me  
Its just my humanity  
Getting the better, getting the better of me

Im lifting  
The lid off  
Eventually  
Holding my head up  
And clarity  
Where once there was proud  
I know this place  
And smile inside

Oooh its just my humanity  
Getting the better of me

Its just my humanity  
Getting the better, getting the better of me

Its just my humanity  
Getting the better, getting the better of me  
Getting the better, getting the better (getting the  
better), getting the better of me  
Its just my humanity  
Getting the better, getting the better of me
