Lady Kier :

Somethings going on with blaze  
She can shake the sky  
Flying saucers in her eyes  
Senses wide awaking  
Out the freaking side  
All day long yeah  
She hurries to go easy

She feels  
Whats real  
All day long yeah  
She hurries to go easy

Somethings really happening  
Smoking sassafrass  
Grass is on her arse  
Wearing out her slippers  
Magic mushroom jazz  
All day long yeah  
She hurries to go easy

She feels  
Whats real  
All the day all the day all the day  
All day long yeah  
Hurry to go easy
