Lie, lie to my face  
Tell me it ain't nothing  
That's what I wanna hear

Take the lie to the grave  
That's what an old friend told me  
Look what it did for him

The truth hurts so bad  
Wouldn't you say? So why tell it?  
If ignorance is bliss  
Then I'm in heaven now

Run, you'll never escape  
You'll see you go nowhere  
Based on who you appear

Broke, laid to waste  
Turn into sweet nothings  
Kiss you goodbye

The truth hurts so bad  
Wouldn't you say? So why tell it?  
If ignorance is bliss  
Then I'm in heaven now

Keep going over and over again  
To never ending places I've never been  
No one's catching on, calling my bluff  
The Devil made me holier than every man

What'd you do? Say it with a smile  
Boy, making us all forget  
What'd you do? Say it with a smile  
Boy, making us all forget  
Making us all forget, making us all forget
