If it gets you down well then I'll take it  
If it gets you up well I don't want it  
It let you down, so broken hearted  
If it gets you down well then I want it

If only, if only, if only  
If only we're nothing at all

So blow our mind and make it lazy  
Those long, long days with no escaping  
I hold the wheel to let it go  
Don't wanna stop, don't wanna know  
If it gets you down, well just don't blame me

If only, if only, if only  
If only, if only, if only, if only  
If only we're nothing at all
