I never lie
To myself
Tonight.

Rose, tinted eyes
Colour my sorrow
A shade of 'why?'.

Bye bye black balloon
See you real soon
Wave bye bye
Bye bye

Oh why you so sad
What have they done?
Forget those mindless baboons
They're off playing god

Copy cats in cheap suits
All playing it safe
While cannibals with their noose
Consume a parade

Is it wonderful?

[Kalopsia] x 5

Far, far from shore
The land of nightmares
Gone forever more

And I love you more
Than I can control
I don't even try
Why would I?

Oh why the long face?
You've got it all wrong
Forget the rat in the race
We'll choke chain them all

Fates favour the ones
Who help themselves
The rest feel the sting of the lash
As they run
To hell
