If time itself was his demeanor
There'd be no sunlight or a glimmer
Of sunlight landin' on the street
Sunsuit girls must be discreet, oh

Sunsuit girls must be discreet
Nursing their fathers locked inside
They masqueraded as his bride

I might like you better
If we slept together
I might like you better
If we slept together
I might like you better
If we slept together

But there's somethin'
In your eyes that says
Maybe that's never
Never say never

Slump by the courthouse
With windburn skin
That man could give a fuck
About the grin on your face

As you walk by, randy as a goat
He's sleepin' on papers
When he'd be warm in your coat

I might like you better
If we slept together
I might like you better
If we slept together
I might like you better
If we slept together

There's somethin'
In your eyes that says
Maybe that's never
Never say never, oh

There's no easy way to lose your sight
On the street, on the stairs, who's on your flight?
Old couple walks by, as ugly as sin
But he's got her and she's got him

I might like you better
If we slept together
I might like you better
If we slept together
I might like you better
If we slept together

But there's somethin'
In your eyes that says
Maybe that's never
Never say never, oh

Never say never
Never say never
Never say never
Never say never
Never, never, never
