Lie, lie to my face
Tell me it ain't nothing
That's what I wanna hear

Take the lie to the grave
That's what an old friend told me
Look what it did for him

The truth hurts so bad
Wouldn't you say? So why tell it?
If ignorance is bliss
Then I'm in heaven now

Run, you'll never escape
You'll see you go nowhere
Based on who you appear

Broke, laid to waste
Turn into sweet nothings
Kiss you goodbye

The truth hurts so bad
Wouldn't you say? So why tell it?
If ignorance is bliss
Then I'm in heaven now

Keep going over and over again
To never ending places I've never been
No one's catching on, calling my bluff
The Devil made me holier than every man

What'd you do? Say it with a smile
Boy, making us all forget
What'd you do? Say it with a smile
Boy, making us all forget
Making us all forget, making us all forget
