Got some action on the other side
Loose teeth in my head
New programs are coming in
So rise and take your oath

I wish we get away
Drink wine and screw
I knew someone else before
Looked a lot like you

And they're gone
I'm gone in space

I been programed as I said before
Technology
Just rollin', wheezin' and breathin'
Eyeballs and teeth

Words are weightless here on earth
Because they're free
You knew someone else before
Looked a lot like me

And they're gone
And I'm gone [Incomprehensible] space
And they're gone
And I'm gone in space
