From the distant corners
Of our planet Earth
People are uniting
To celebrate their worth

Rising like the phoenix
Burning like the sun
Lifting high their voices
Beating proud their drum

Singing ooh ooh ooh ooh
We love the life we got
Ooh ooh ooh ooh
Let your love shine bright

Here's a hug let's breathe
While we flow like the trees
Lots of simple acts
Create a great impact (boom!)

Some, they just may not believe
That this life is what you dream
Share a smile you'll see
How simple peace can be

Ooh ooh ooh ooh
We love the life we got
Ooh ooh ooh ooh
Let your love shine bright
[x2]

Rock our world!
The life we got, we gotta get down
Rock our world!
We gotta rock our world for peace
Rock our world!
We gotta rock our world for peace

[Rap:]
People keep telling me
What I should do,

What I shouldn't do
Even when I know it's not true
I know cuz I know what I know
Cuz the voice inside my body
Let's me know when it's so
It all starts with community
And that begins with me
And how I chose to be
Cuz how I live life does matter
That's right it matters,
Cuz it's the life we got

Ooh ooh ooh ooh
We love the life we got
Ooh ooh ooh ooh
Let your love shine bright
