They told me to run
But just how far
Can I go wearing the black mask of fear?
The hate in my eyes always gives me away
The tension building slowly
Now I've lost everything I had in you
Nothing we shared means a thing
Without you close to me
I can't live without you

Breaking the silence of the night
Can't you hear me screaming?
I look for your face in the neon light
You never answer me

There's no direction to my stare
No more flame burning in my heart anymore
Quiet, I keep to myself
Until the sun sets slowly
I hear your voice in the evening rain calling
Nothing will keep us apart
No more lies and fear

There's no end to our story

Breaking the silence of the night
Can't you hear me screaming?
I look for your face in the neon light
You never answer me

I could make all the wrong seem right
If you were by my side
I'd gather all the tears you cried
And hide them deep underground
Can't look back, it's just a waste of time
Can't erase this hate from my eyes

Breaking the silence of the night
Can't you hear me screaming?
I look for your face in the neon light
You never answer me

Breaking the silence with my cries
Can't you hear me screaming?
We could make all this wrong seem right
But you never answer me
