Fallen

I've seen the look in your eye  
And there's no easy answers  
You gave it all you had  
But there's so many questions

Questions, questions

Through this insane desire  
Through this unbearable lie  
Lies and empty promises  
All this just fades. Fade to grey

Yes, I know  
Fade to grey  
That you're falling, falling  
I believe you could say anything  
Anything, you'd say anything  
When you're fallen, fallen

What's buried inside must speak  
An innocent victim  
The echoes of your past  
Will someday grow silent  
The hardship you have won't last

Through this insane desire  
Through this unbearable lie  
Close your eyes and look inside  
All this will fade

Fade to grey  
Yes, I know  
That you're fallen, fallen  
I believe you could say anything  
You'd do anything, you'd say anything  
When you're fallen, fallen

Fade to grey

I believe you could say anything  
Anything, you'd say anything  
When you're fallen  
When you're fallen, fallen  
When you're fallen, fallen  
When you're fallen, fallen
