Industry Standard æ hospital Noise
Telephone please. Dr. Davis, telephone please
nurse in heels walking and whistling
Dr. Blaire, Dr. Blaire, Dr. J. Hamilton, Dr. J. Hamilton
door open and close
Background radio æ Soviets Nurse: æ 'tæŠ 10
minutes past curfew, why are you still
up? Background radio æfn other news bizarre
rumours of political and religious
leaders that have shocked this city over the last month
seems to have ended as
suddenly as they began. No terrorist group has come
forth claiming
responsibility for the slaying, but police have a suspect
in custody under
observation at state hospital. His identity is being
withheld pending further
investigation. Sports and weather next. Nurse:
æ Hello? Hellooo? Perhaps you
need another shot. Nurse injects, some grunting
Nurse: æ Yhere that should do it. Nurse walks to door,
opens it
Nurse: æ Sweet dreams. You bastard Nurse closes
door
I remember now
I remember how it started
I canæŠ remember yesterday
I just remember doing what they told me
Told me
Told me
Told me
