(Chris DeGarmo/Geoff Tate)

Every time I leave

You say you won't be there

And you're always there

Every time I cry your name at night

You pull close and say it's alright

I look in your eyes, just like the rain

Washing me, rain wash over me

Touching your face, I feel the heat of your heartbeat

Echo in my head like a scream

What you do to me!

CHORUS

Waited so long I can't wait another day without you

Jet City Woman

It's a long way, home to my

Jet City Woman

I see her face everywhere, can't get her out of my mind

Whenever I'm alone I'm thinking

There's a part missing from my life

Wonder where I'd be without your love

Holding me together now I'm

Watching the time tick, tick away

Face grows longer every day

Fortunes are lost on the women I've seen

But without you I can't breathe

You're the air to me!

CHORUS

Jet City woman

Got to find my way home to her

Jet City Woman

I see her face everywhere I look!

Jet City Woman

Just a thousand miles and I'll be there

Jet City Woman, to make the clouds go away

Time for some blue sky!

Waited so long now the plane's delayed

An hour, reminds me of all our days apart

Hold on, just a little longer

Jet City woman

Wonder where I'd be, you're the air to me

Jet City Woman

Eyes like the rain, rain down on me  
Jet City woman  
No more nights alone  
I'm almost home now  
Jet City Woman  
Close my eyes, I'm there in my Jet City
