Back in '86
February and a special number
I just had to know, is this feeling real?

I picked up the phone
I was one step closer to the danger zone
I knew she'd steal my heart away
But I know I couldn't live without her love

The first time she looked at me
Her smile stayed on my mind
I never thought I'd ever meet
A woman of her kind

Now I'm lost in a lover's daze
And I'm not walking out
Gonna give my heart away
And hope that she will always stay

Call for me, run to me
Whenever you are lonely
Call for me, run to me my lady love

Won't you come and show me that precious smile
And maybe stay for a little while
Close the door, Toss the key
Say you will always be my one and only

Looking back it seems to me
The message in her eyes
Left a lasting spell on me
A feeling I can't hide

Now I'm lost in a lover's daze
And I'm not walking out
Gonna give my heart away
And hope she will always stay

Call for me, run to me
Whenever you are lonely
Call for me, run to me my lady love

Won't you come and show me that precious smile
And maybe stay for a little while
Treat me to your sense of taste and style
Together we can walk the miles

Close the door, toss the key
Say that you will always be my one and only
